

Easily launch omni-channel campaigns across the enterprise

Powerful, consistent, and controlled messaging is crucial for impactful outreach. IntelPeer Engage empowers departments across the entire enterprise to manage, schedule, and execute SMS and voice campaigns. Engage was created with marketing, billing, sales, operations, and human resources teams in mind.

With pre-built templates, it's incredibly easy for any employee to build campaigns and manage the process all in one place. From uploading your lists and crafting your message to scheduling your outreach, this ready-to-use application allows you to focus less on the technical side of building campaigns, and more on engaging with your target audience.

Turn your team into a messaging machine

Customer Service

Notify employees and customers about new product features or network outages.

Finance

Remind customers when their bill is ready and alert them when payments are posted.

Marketing

Schedule campaigns to deploy at a planned time or date for precise control over the customer journey.

IT

Inform employees about maintenance, password changes, and other pressing issues.

Human Resources

Automate internal communications like onboarding, company policy updates, office closures, and more.

Operations

Send notifications to agents in the field and update customers about the progress of any maintenance.

Scheduling

It's incredibly easy to customize how and when your campaigns are sent. Divide based on:

Specific dates

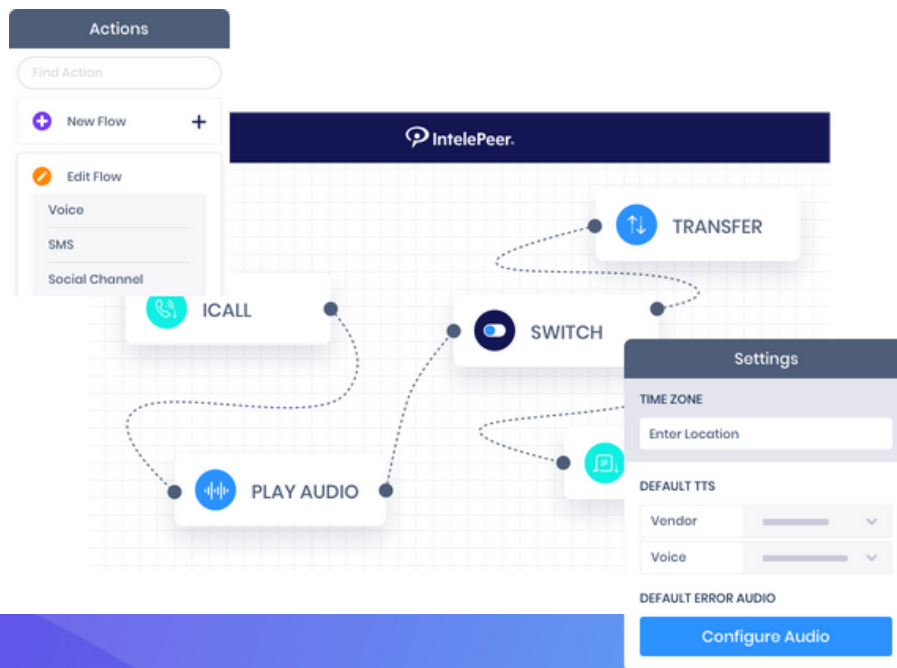

Specific time windows

The day of the week

Time zones

Use with IntelPeer's SmartFlows

IntelPeer's SmartFlows and Engage were built to work hand-in-hand to create a dynamic, smooth, and reliable communications experience. IntelPeer's SmartFlows requires absolutely no coding. The simple drag-and-drop interface allows employees across your entire enterprise to build a communication flow that can integrate with other systems and automate responses. So, when you send out an Engage campaign, you invite your user into a new journey.

About IntelPeer

IntelPeer delivers an omni-channel communications platform built for the enterprise. We believe that business communications are meant for more than just simple interactions – they should enable businesses to deliver truly delightful experiences. With our voice, messaging, ready-to-use applications, open APIs, and analytics, companies can build and integrate communications-enabled workflows to create world-class customer experiences and improve business processes through automation. Our full-stack solution is backed by a rock-solid network and a team of experts who provide nothing but award-winning customer service. It's time to move beyond basic communications!
